Dear Friends,

It is my pleasure to extend warm greetings to all staff of Mercer County Children's Daycare.

Those who dedicate their time, efforts and skills to benefit others are among the most valued members of any community. Since opening in July 2003, the Center has demonstrated a consistent commitment to providing our most needy children with healthcare, daycare, education and social services. On behalf of the State of New Jersey, I commend your hard work and dedication to our children. New Jersey is truly fortunate to benefit from the efforts of professionals like you.

Best hopes for the future. I rely on concerned individuals such as yourselves as my Administration works to better educate our children, create jobs, and protect our open space and clean water.

With all good wishes,

  
James E. McGreevey
